Upcoming Events in May

- [Tech Futures Forum](#)
- [Developing the Green STEM Pipeline](#)
- [Green High Performance Computing Educators Conference](#)

These exciting events are open to IT educators across Massachusetts. Please make sure to visit www.batec.org for updates! You can now also receive updates via Twitter by following BATECIT!

Tech Futures Forum

BATEC is holding its Tech Futures Forum on Tuesday, May 18th at Microsoft's New England Research & Development (N.E.R.D) Center in Cambridge. This event invites students and educators to come learn about innovations in technology from industry experts.

Workshop topics will include: Business Analytics, Uncovering Smoking Guns with Computer Forensics, Entrepreneurship, Take a Byte...and Learn About a Free Storage Course Available Through the EMC Academic Alliance (Information Storage), IT Job Landscape and Employability, Master of Motivation: Engaging Students with Smartphones and Google Android, User Experience for the Web and Mobile Applications, Virtualization: What It It All About and Its Advantages to Education, Windows 7/Office 2010 and a tour of Microsoft's N.E.R.D Center!

Where & When

Microsoft's NERD Center

Tuesday, May 18th

AGENDA

8:00 Registration and Breakfast

8:45 Welcome and Keynote

10:30 Workshop Session 1

11:45 Workshop Session 2

8:00 AM - 2:30 PM

12:45 Lunch
 1:30 Workshop Session 3
 2:30 Adjourn

Workshop presenters will join from: CAITE, EMC Educational Services, IBM, Mendoza Design, Microsoft, Olin College, Mountain View Technologies, VMware and others!

NOTE! Due to the extremely limited availability of parking in Cambridge and at Microsoft, parking and a shuttle bus from Bunker Hill Community College will be available the day of the event. Please park your car in either Lot 1 or 2. The shuttle bus will be picking up participants in front of the main entrance of the college at Lot 4. The shuttle will run from 8:00am - 9:00am and then again from 2:30pm-3:30pm. A mid day shuttle (at lunch) may also be arranged if needed.

This event is open to educators, industry and students interested in IT. There is no cost to register.

Developing the Green STEM Pipeline

Where & When

Bunker Hill Community College

Friday, May 14, 2010
 8:00 AM - 1:30 PM

BATEC, the Dome Alliance, Bunker Hill Community College, the Latino STEM Alliance, and the Metro Boston Secondary/Post Secondary CVTE Linkage Consortium are sponsoring a joint spring symposium for administrators and educators in mathematics, science, engineering and technology at schools in Massachusetts and the Boston metropolitan area, scientists, engineers and students - and all who are interested in STEM education and the development of a Green STEM Pipeline for our students.

Come share your experiences with your colleagues; hear about developments in state and federal funding, a completed and ongoing college green project, a vocational high schools renewable energy projects, and a proposed hydroponics project at Bunker Hill Community College.

SOME OF OUR FEATURED SPEAKERS WILL INCLUDE:

Richard Harris, Director of Multicultural Engineering, Northeastern University

Marybeth Campbell, Workforce Development Program Director, Massachusetts Clean Energy Center

Barnas G. Monteith, Advance Diamond Solutions, Inc.; MA Governor STEM Council appointee; MA State Science and Engineering Fair, Chairman of the Board;

DOMe is most interested in 1) increasing the visibility of local needs in the areas of science, technology, engineering and math 2) building bridges between corporate & government funding sources and local

schools 3) educating/emphasizing the importance for diversity in STEM.

Our objective is to obtain feedback for recommended action items. We hope that this symposium will result in enhanced STEM education partnership and more focused effort to fund and support existing programs, as well as new programs, in science, technology, engineering and math that can be effective and sustainable.

Note: Registration scholarships are available! Please contact dzapata@bhcc.mass.edu for more information on these scholarships.

Green High Performance Computing Educators Conference

Where & When

Holyoke Community College

Tuesday, May 25,
2010
8:30 AM - 4:30 PM

The Commonwealth Information Technology Initiative (CITI), Holyoke Community College, and the National Center for Information and Communications Technologies at Springfield Technical Community College are offering a Green High Performance Computing Educators' Conference, Tuesday, May 25 at Holyoke Community College. The event is organized by community college educators, for community college educators (and others).

Who should attend?: Educators in computing, information & communications technology, and engineering fields at community colleges, universities, high schools, and informal education organizations who want to learn about new technologies to incorporate into their curricula.

Cost: Free, but advanced registration is required by May 17, 2010. Space is limited to 80 attendees, so register early.

Stipends: Stipends for participation are available for educators who are not employed on contracts on May 25. Participation stipends are \$150 (inclusive of travel). Public school educators should abide by their district policies about whether or not to request a stipend.

Stipend recipients are required to complete and return a W-9 form in advance of the conference and sign an invoice at registration on May 25 in order to receive a stipend. Check off stipend option on registration and follow instructions. Separate funding for travel expenses is not available.

For further information contact Helen Wetmore at 413-755-6550 or hwetmore@stcc.edu.

For more information and to register: <http://ghpcced.eventbrite.com>

Please note that this event is not being sponsored by BATEC.
