Free Digital Literacy and Computer Science
District Implementation Planning Workshops
Offered by Broadening Advanced Technological Education Connections (BATEC) in partnership with Dell

The **SCRIPT** (Strategic CSforALL Resource & Implementation Planning Tool) — is a framework to guide teams of district administrators, school leaders, and educators through a series of collaborative visioning, self-assessment and goal-setting exercises to create or expand upon a digital literacy and computer science education implementation plan for their students.

School districts are the unit of change toward creating rigorous, inclusive and sustainable K-12 computer science education. The SCRIPT supports systems-level change by addressing five key areas: (1) Leadership, (2) Teacher Capacity and Development, (3) Curriculum and Materials Selection and Refinement, (4) Partners, and (5) Community.

**Attendee Guidelines**
The goal of this 2-day workshop is for each district to build or expand upon a customized 3-month, 6-month, and long-term goals for DLCS education implementation. District teams of 3-8 people are encouraged to attend. We ask that each team identify one point of contact to facilitate the completion of the registration form and surveys for your school district/charter network team. The point of contact will be responsible for identifying 3-6 participants from your school district to attend the event. Participants can be confirmed closer to the day of the event if you do not know who they are during the application process. Districts will be accepted to the workshop in teams (minimum of 3 participants, maximum of 8 participants) that must include at least:
- One central office administrator K – 12,
- One building principal, and
- One teacher.

Participation by library media specialists, curriculum directors, and other relevant school personnel is encouraged.

**Workshop Dates:**
- December 5-6, 2019  
- December 10-11, 2019  
- December 17-18, 2019  
- January 7-8, 2020

Workshops will be available across the state based on preferences stated in your application. Responses due by November 15, 2019. Contact deborah.boisvert@umb.edu with any questions.

Apply Here

PLEASE NOTE: This application is for the SCRIPT Implementation Planning Workshop not the Digital Now Grant Program. There is a separate process for the Digital Now Grant that will be announced in November. You may participate in both this Workshop and the Digital Now Grant.
